On February 28, 1942, I received official notice of my discharge as Assistant Electrical Engineer, 2nd Grade, Signal Corps, and stated in paragraph 3 of the memorandum dated February 27, 1942, from the Department, "Subject: Statement of Reasons for Discharge to General."

In accordance with paragraph 3 of the above memorandum, a statement and a number of relative enclosures are submitted herewith.

I am officially charged with having signed a Communist petition about August 9, 1939. This is correct. However, as I will show, I did so only after being convinced that the signing of the petition did not actually either directly or indirectly that I believed in Communist doctrines or that I desired to become affiliated with a Communist organization. As far as I can recall, (I cannot remember too many of the details) the events connected with the signing of the petition were as follows: Some time in 1939, the month and day escaped me, I was approached by a stranger who asked me to have my name placed on the petition of a minority party on the ballot. I was told that in signing the petition I was not joining any organization, and I was further assured that the signing did not mean that I believed in Communist ideas. The question was as to whether I believed in fair play, even to the extent of allowing a Communist to run for office. Convinced that the petition meant nothing more than that I signed.

As I swore under oath, I do not now belong and never have belonged to any Communist organization.

Some attention is called to the following list of circumstances which in my opinion warrant consideration as having a possible bearing on my case:

I am a member of a union of technical and professional employees, the Federation of Architects, Engineers, Chemists and Technicians. Several months ago, a local of the F.A.E.C.T. was organized by employees of the Signal Corps Laboratories. In accordance with the employee relation policy of the War Department, the local requested a conference with the Director of the Laboratories. This meeting at which I was present representing the union members in the Laboratories took place on Friday, January 23, 1942. Several weeks later, I was discharged.

65-15392-1A2

65-15392 - SECTION 1 SERIAL 113

The discharge occurring on the heels of the first open manifestation of my union activity, could easily be considered to have been threatened, if not actually caused by that activity. This is especially so since the signature on the petition has been available and undoubtedly known to the authorities for several years.

It is important in reconsidering my case that this possible interpretation be kept in mind so that no misconception may arise as to the application of the War Department's stated labor relation policy.

I am submitting a number of abstracts from my personal file, and a statement written by my superior, which demonstrate my loyalty to my Government, beyond shadow of a doubt. While in the Government service I have always been as conscientious and efficient as possible, as clearly shown by my record. My superior, Mr. Seibert, will testify that I was being considered for a promotion to Associate Electrical Engineer, E-3. Furthermore, my value to the Government in the present emergency is unquestioned. With this regard, reference is made to references (d), (e), and (f).

In the great crisis which faces us today, our country is in dire need of all the possible available technical skill and ability of its citizens. I possess the technical training to make me valuable to my country, and I am more than eager to do my part in defeating the common enemy. Almost two years of hard and unquestioned loyal work for my Government should dispel any doubts as to my patriotism, which might have been raised by my signing a petition 2 years ago.

It is requested, in view of the foregoing, that I be reinstated. Upon my reinstatement, I will continue to serve my country in the capacity for which my technical training and experience has best fitted me, and with the same conscientiousness, efficiency and devotion which have marked my past tenure with the Signal Corps Laboratories.

RE: New York letter to Bureau, 10/26/65.

A review of the file in the captioned matter in the New Haven Division reflects that IRVING R. WEINGARTEN, in interview by the New York Division on 1/27/65, stated that he met RICH at Cambridge, Mass., in 1943 and had previously known him as a member of the Young Communist League (YCL) at the College of the City of New York (CCNY). In 1943 RICH was at the Harvard Underwater Sound Laboratory and WEINGARTEN was attending a radio course as a member of the Army Air Corps at Harvard-MIT. Both men attended a dinner in the nature of a farewell at a Chinese restaurant in Boston in May, 1943. WEINGARTEN alleged that after leaving the restaurant on the above occasion, RICH mentioned to WEINGARTEN that he could send to a Russian officer any information that WEINGARTEN could obtain for him. Although WEINGARTEN agreed, he never saw or heard from RICH again. During the above interview, WEINGARTEN claimed a lack of memory concerning persons or places in connection with YCL or CP matters.

In interview on 2/2/65, WEINGARTEN stated that at the above dinner there were First Lieutenant ADRIAN BLUMENFELD and CRAIG REYNOLDS and their wives, together with one FNU GOLDFIELD, who had also attended CCNY. GOLDFIELD and RICH were the only civilians present and were the only ones known to WEINGARTEN as leftists. On this occasion WEINGARTEN

exhibited considerable emotional strain during the interviews.

on 3/4/65, WEINGARTEN denied approaches by anyone other than RICH. He related that RICH had stated that he or someone else would contact WEINGARTEN but no follow-up ensued. He related that GOLDFIELD and RICH were both YCL members at CCNY. He claimed inability to recall names of persons in his CP groups, places of meetings or other data.

On 4/8/65, WEINGARTEN declined further interviews for the present, stating that he was not feeling well, had left home and was staying with his parents for a rest.

[REDACTED] b7c
that he would possibly be available for interview in another month or two.

On 4/2/65, WEINGARTEN telephonically contacted the New York Office and in an excited condition stated that he had furnished all information in his possession and desired no further interviews. He added that he had left his wife.

[REDACTED] b7c
WEINGARTEN stated that he had known RICH only as a YCL member and not as a CP member. He stated that RICH's approach to him was probably based on the fact that RICH had known him to be a CP member. There had been no preliminary approach to WEINGARTEN by RICH or any other person previous to the one by RICH in May, 1943. The proposition by RICH, according to WEINGARTEN, was "out of the blue".

MAX ELITCHER, a witness at the trial of MORTON SOBELL and JULIUS ROSENBERG, advised in July, 1950, that RICH had been a leftist at CCNY and exhibited the same tendencies at Washington, D.C., in 1938 or 1939 while residing at 1516 Delafield Place and employed by the Navy Board of Ordinance. RICH was described by ELITCHER as a "progressive" but not known to be a CP member. ELITCHER, RICH and another person occupied an apartment at the above address for a short time. According to ELITCHER, someone (possibly SOBELL) later stated about 1945 that RICH had deviated from his leftist viewpoint. ELITCHER speculated that it was possible that RICH gave up his leftist associates to engage in espionage.

RICH was interviewed on 8/28/50 by agents of the New Haven Division and stated that he had known ROSENBERG and SOBELL at CCNY. When learning of their arrests, he felt that all persons ever associated with them would be interviewed, and that he was pleased to furnish any information in his possession. On 9/9/50, RICH admitted YCL membership at CCNY but denied being an officer or leading functionary of the group. He claimed that he discontinued his communistic sympathies after graduation in 1958. He denied ever joining the CP or attending CP meetings.

EDWARD HILLMAN, of Baltimore, ^{MD} was interviewed on 12/4/50 and stated that he had resided at 1316 Delafield Place, Washington, D.C., in 1938. He related that WILLIAM and SYLVIA DANZIGER, SOBELL and RICH frequently discussed communism favorably and projected pro-communist views in their conversation. Either DANZIGER, SOBELL or RICH exhibited a YCL membership card on one occasion at Delafield Place. In this period, according to HILLMAN, RICH stated that if he ever developed subsonic waves he would say that the Russians got the information as well as the Navy Department. He heard nothing further concerning this statement from RICH or other persons and could not be certain that RICH was serious at the time. He could not recall the circumstances of the remark or whether others were present when it was made.

Prosecution of RICH was instituted by the Department of Justice on 10/1/57 for failure to disclose YCL membership or membership in the Steinmetz Club at CCNY on a Personnel Security Questionnaire executed 8/28/50.

RICH gave a sworn statement to the Office of Special Investigations on 9/25/59 admitting membership in the Steinmetz Club of YCL in his senior year (1938) at CCNY but denied contact with communists since that time. He admitted attendance with his family at a summer camp with left wing tendencies in 1942, but denied being aware of the nature of the camp until his arrival at the location. He claimed that he and his wife detest communism, socialism and all forms of collectivism.

The New York Division suggested that the above named BLUMENFELD, REYNOLDS and GOLDFELD be located and interviewed concerning the reported approach of RICH to IRVING WEINGARTEN.

MIT/AL ADRIAN BLUMENFELD was interviewed at New York on 7/1/65. He stated that he was at Harvard-MIT in 1942-1943 and worked closely with WEINGARTEN, CRAIG REYNOLDS and two or three others. The group and their wives dined together frequently. BLUMENFELD had a faint recollection of a farewell dinner in May, 1943, but could not recall the location or the identities of those present. He was unable to recall a dinner at a Chinese restaurant. He could not recall the names of RICH or JOSEPH GOLDFIELD as civilians he might have met with WEINGARTEN or any individuals associated with the Harvard Underwater Sound Laboratory.

C. R. REYNOLDS
Inquiry at Hartford, Conn., in October, 1965, reflected that the family of RICH still resides 363 North Quaker Lane, West Hartford, and that RICH as of 10/1/64 was employed by the Lodging Engineering Company, Teknika Division, at Auburn, Mass.

MIT/AL ANDREW CRAIG REYNOLDS, Jr., was interviewed by Bureau Agents at Fort Wayne, Indiana, on 8/6/65. He could not identify a photograph of RICH as that of any person he had ever seen. He stated that he attended the Harvard-MIT Radio Training Course in 1942-1943 and remembered ADRIAN BLUMENFELD and IRVING WEINGARTEN. He stated that the names of RICH and GOLDFIELD meant nothing to him. He recalled a second floor Chinese restaurant in Boston but could not remember its name or location. He could recall no farewell dinner in May, 1943. He stated that he had lost track of BLUMENFELD in 1944 and has not seen WEINGARTEN since 1954.

WEINGARTEN telephonically contacted the New York Office on 8/17/65 and stated that [REDACTED] b7c

[REDACTED] He related that the facts previously furnished by him were true and he wished to continue interviews to clear the matter up. WEINGARTEN did not subsequently contact the New York Office. *MIT/AL*

The only person possibly knowing of the association of WEINGARTEN and RICH at Cambridge, Mass., in 1943 is JOSEPH GOLDFIELD. In March, 1943, GOLDFIELD took employment at the Chemical Warfare Service Development Laboratory at MIT. GOLDFIELD and his wife were listed as members of the HENRY THOREAU BRANCH of the CPA as of November, 1944. [REDACTED] b6 b7c

[REDACTED] b6 b7C

As noted above WEINGARTEN [REDACTED] b7C

Inquiry in the instant matter to date has failed to confirm any association between RICH and WEINGARTEN at Cambridge, Mass., in 1943.

Although RICH has admitted YCL affiliation at CCNY in 1938 no evidence of CP membership on his part has been developed and such affiliation has been denied by RICH on numerous occasions.

It does not appear that interview of RICH at this time would be productive of fruitful results concerning an incident that reportedly occurred 22 years ago. No request for Bureau authority for interview of RICH is being made at this time and the case is being placed in a closed status in the New Haven Division, UACB.

SUBJECT: STANLEY ROBERT RICH

DATE: 10/26/65

ReBulet, 6/18/65, and NYlet, 7/15/65.

NY is not aware of the results of interview of CRAIG REYNOLDS at Urbana, Illinois.

Newark letter 9/20/65, set forth information as to JOSEPH GOLDFIELD's present employment and residence.

NY letter, 8/19/65, advised that IRVING WEINGARTEN, on 8/17/65, was in telephonic contact with the NYO. He stated that when his personal situation permitted, he would continue interviews. WEINGARTEN has not as yet contacted the NYO. In view of his health condition, NY does not believe it advisable to take the initiative to contact him before he, of his own volition, contacts NY.

Unless interview of CRAIG REYNOLDS provided the names of other persons who might verify the association of WEINGARTEN and RICH at Cambridge, Mass., in 1943, the only other person mentioned by WEINGARTEN as knowing this association is JOSEPH GOLDFIELD.

GOLDFIELD's background has been set forth at length in New York letter, 2/24/65, and Newark letter, 4/22/65. GOLDFIELD

was employed at Edgewood Arsenal from January, 1942 to March, 1943, when he accepted employment at the Chemical Warfare Service Development Laboratory at Massachusetts Institute of Technology in Cambridge, Mass. WEINGARTEN dated the approach by RICH to him (WEINGARTEN) as May, 1943. It is noted that GOLDFIELD and his wife were listed as members of the Henry Thoreau Branch of the Communist Political Association as of November, 1944.

It is questionable whether GOLDFIELD, in view of his background, would now be willing to discuss frankly matters pertaining to instant investigation.

Since the degree of association of GOLDFIELD and RICH is not known, and since it appears desirable to avoid alerting RICH prior to the interview of him, it is suggested that interview of GOLDFIELD prior to that of RICH might not result in furthering this investigation and might prejudice the interview of RICH.

It is suggested that the Bureau and office of origin consider extensive interview of RICH.

NY will promptly advise of any further information received from WEINGARTEN.

One of the statements of the Elitchers was that they were present in New York City during the early part of September, 1944, and attended a dinner party at one of the New York restaurants with Julius Rosenberg and several of the members of the Rosenberg espionage network. ADVISED BY SLIP(S)
DATE 3/10/49

Re New York letter to Director 1-20-49.

Mr. DAVID M. DLUGO, owner of 1145 Broadway, Long Branch, New Jersey and his wife ROSA were interviewed jointly. They recalled that people whom they referred to as JOEL and ELAINE BARR occupied a three room apartment with SAM SACKS and his wife sometime during 1940 or 1941 for approximately one year. They recalled that JOEL definitely worked at Fort Monmouth and it was their understanding that his wife ELAINE was also employed there. Mrs. DLUGO remarked that at one time she and her husband had become suspicious of the actions of the BARRs and SACKS because they had been receiving heavy packages from the Railway Express Agency. Mrs. DLUGO said they had related their suspicions to the Long Branch, New Jersey Police Department who, upon investigation, had determined that JOEL BARR was associated with Fort Monmouth as a Radio Technician and that these heavy packages were radio parts for a set that he was building for himself. Mr. DLUGO stated that a former tenant of his whose name or present whereabouts were unknown had reported that he had heard a telegrapher's key being operated in the BARR's apartment.

Mrs. DLUGO said that she believes that ELAINE mentioned that she was from Brooklyn, New York and it was also her understanding that they were newly weds. Mrs. DLUGO described ELAINE BARR as having a thin face, approximately 5' 5" tall, very slender build, dark hair, drawn tight over the head and upon her head she usually wore a kerchief. Mrs. DLUGO said that her complexion was extremely dark and she constantly wore slacks.

Mrs. DLUGO also contacted FRANK and RUTH WEISSMAN who occupy an apartment at 1145 Broadway, Long Branch, New Jersey and who were residing here during the period that the BARRs also resided here.

FRANK WEISSMAN recalled that JOEL BARR did reside there but knew of nothing additional concerning him or his wife. RUTH WEISSMAN said that she could not recall anything at all concerning the BARRs.

A check of the records at the Long Branch, New Jersey Police Department failed to locate any investigation conducted at 1145 Broadway, nor was there any record of the Subject and his wife under the name BARR or GOLDFARB.

Mr. W. L. SZIBERT, Chief Engineer, SQUIERS LABORATORY, Fort Monmouth, Eatontown, New Jersey, stated that he recalled JOEL BARR very well and that to the best of his knowledge he understood JOEL to be single. He said that if he had indicated in a memorandum that JOEL was married he did so probably upon the word of JOEL himself or someone who knew him, however, he reiterated that to the best of his knowledge JOEL was single.

Mr. SZIBERT under pretext made a call to SAUL FINKLESTEIN, an employee at SQUIERS LABORATORY and former acquaintance and fellow employee of JOEL BARR and who also resides at Long Branch, New Jersey. He asked FINKLESTEIN if he knew whether or not BARR was married and FINKLESTEIN replied that he thought he was, however, he was unable to throw any light upon the background of BARR's alleged wife.

New York letter to the Director dated August 11, 1948, entitled (b)(1) contained information that a report prepared by Military Intelligence Division of the War Department dated January 16, 1942 contained information to the effect that JOEL BARR's wife [redacted] reported herself as an unmarried woman in seeking employment at the Fort Monmouth Post Quartermaster's Office from which she was subsequently discharged. In addition to other information concerning [redacted] it was noted that she formerly resided at 34 Second Avenue, Long Branch, New Jersey and Hudson House, Hudson Avenue, Red Bank, New Jersey, beginning on July 2, 1940. (b)(6) (b)(7)C

Mr. ANDREW REID, Chief Investigator, Post Intelligence, Fort Monmouth, New Jersey checked all available files available to him under the name of BARR and [redacted] and was only able to locate a 3 x 5 card with the name [redacted]. This card indicated that she had possibly been hired during February 1941 and had worked at the Quartermaster's Corps. The card further indicated that she was residing at 145 Broadway with JOEL BARR and [redacted]. A notation on the card reflected that [redacted] formerly had been an employee at Fort Monmouth and had been discharged on June 12, 1941. Mr. REID also attempted to locate a photograph of JOEL BARR or [redacted] without success.

Mrs. CELIA GORCEY, who is the owner of and resides at 34 Second Avenue, Long Branch, New Jersey, stated that she recalled a couple residing with her approximately 8 or 9 years ago whose last name she believed to be BARR.

Mrs. GORCEY said that she was almost certain that BARR was employed at Fort Monmouth. She also said that Mrs. BARR did not work as she was home most of the time that she lived here. Mrs. GORCEY said that

Mrs. BARR was not a local girl and knew nothing about her background. She also said that they had lived here for approximately four months and that when they moved they went to 145 Broadway, Long Branch, New Jersey.

Mrs. MARJORIE SMITH, owner of Hudson House, 95 Hudson Avenue, Red Bank, New Jersey, checked her records and found that Mr. and Mrs. JOEL BARR registered on July 1, 1940. Mrs. SMITH said that she recalled Mr. and Mrs. BARR to the extent that she knew that JOEL BARR was employed at Fort Monmouth and that Mrs. BARR did not work. She said that she recalled receiving some mail addressed to GOLDFARB which was claimed by Mrs. BARR. Mrs. SMITH was unable to throw any further light upon either JOEL or ELAINE BARR.

Records of the Merchants Credit Bureau, 601 Bangs Avenue, Asbury Park, New Jersey which also covers Long Branch and Red Bank, New Jersey contained a record on JOEL BARR dated December 6, 1940. The inquiry was on behalf of the New Jersey Trust Company, Long Branch, New Jersey and contained information to the effect that JOEL BARR's wife (name not shown) was employed by the TULLER CONSTRUCTION COMPANY, Monmouth Avenue, Red Bank, New Jersey as a clerk. No additional information other than what has already been set out in this letter was contained in the credit report.

Mr. RAY E. LIPPINCOTT, Personnel Manager, TULLER CONSTRUCTION COMPANY, 95 Monmouth Avenue, Red Bank, New Jersey, produced a 3 x 5 card. This card was made out in the name of LAINE GOLDFARB, 145 Broadway, Long Branch, New Jersey. The card reflected that this person was hired on November 25, 1940 as a stenographer and discharged on April 11, 1941. Mr. LIPPINCOTT said that LAINE GOLDFARB had worked for her entire period of employment at Fort Monmouth where the TULLER CONSTRUCTION COMPANY was completing a project. The card contained information to the effect that the employee was 20 years old, a citizen, born May 2, 1920 and was issued Social Security No. 577-22-6246. Mr. LIPPINCOTT said that he had personally supervised that project but was unable to recall the employee.

-It is suggested that the Office of Origin give consideration to the possibility of locating JOEL BARR's alleged wife through her Social Security Number.

No further investigation will be conducted by this office. RUC

On 19 February 1952, the WERNER HENSELITZ firm, wholesalers of photographic equipment, and the agency for recovering lost or stolen photographic, theatrical, and x-ray articles, located in BERLIN-Steglitz, Rismarckstr. 64a, was contacted; it was determined that this firm often works in cooperation with law-enforcement agencies in recovering lost or stolen photographic, theatrical, and x-ray items. A description of the article being inquired about is sent around to every wholesaler and retailer who handles these items in West BERLIN. This description is immediately checked against sales records and inventory lists in an attempt to identify the article. A request was made that a description of the Leica camera and the Summitar lens be circulated among the wholesalers and retailers of photographic equipment. The director of the HENSELITZ firm refused to comply with this request, on the ground that the description furnished was inadequate to identify the lens with certainty. Leitz (the firm manufacturing the Leica camera) sends all their products through one distributor in BERLIN. This distributor is the ERNST LEITZ firm, BERLIN-Zehlendorf (US Sector), Seeböfstr. 15a. On 19 February 1952, the firm of PHOTO L. It was further determined that, prior to 1948, cameras were sold without the numbers of said cameras being recorded. This firm had no information concerning the camera in question, nor did they have any knowledge pertaining to a Sumitar F-2 Lens, bearing the number 595463. It was disclosed that the firm of OTTER NEWSKLETT, BERLIN-Steglitz (US Sector), Rismarckstr. 64a, was the only agency in West BERLIN that maintains contact with every wholesaler and retailer handling photographic equipment. This agency attempts to recover all lost or stolen photographic items. (P-3)

On 19 February 1952, the KERNST LEITZ firm, located in BERLIN-Zehlendorf, Seehofstr. 15a, was contacted; it was determined that this firm is the sole distributor for all Leitz products that come from WETZLAR (LS1/051) to BERLIN. The initial phase of the distribution of Leica cameras sold through commercial channels in BERLIN must necessarily commence with this firm. The Leica camera bearing number 255740 indicates that it came from WETZLAR in about 1937. This firm has records on some Leica cameras bearing numbers beginning with 350,000; complete records are available on Leica cameras bearing numbers above 400,000. Records prior to 1945, when the firm was located in BERLIN-Mitte (Soviet Sector), Luisenstr. 46, were destroyed by bombing raids, or were burned by the Soviets. Records of the Western Electric Company at Kearney, New Jersey, reflect that JACK CULICOVER, born July 24, 1907 in New York City, resided at 64 West 192nd Street, and had been employed by the Western Electric plants at Kearney, New Jersey and at the 11th Street, New York City plant, from June, 1944 to January, 1948. N.J.

On June 22, 1954, JACK CULICOVER, who resides at 2775 Kingsbridge Terrace, Bronx, New York, was interviewed by the writer. Mr. CULICOVER stated that he is presently employed as a linotype operator for the Sycamore Press, 214 Sullivan Street, New York City. He stated that he is a United States citizen having been born on July 24, 1907 in New York City. Mr. CULICOVER stated that he is married. His wife's name is SYLVIA and they have two small sons.

Mr. CULICOVER stated that he had formerly been employed by the Western Electric Company at their Kearney, New Jersey plant, at their Packard Building plant and their 42nd Street plant, latter two were located in New York City. He believes that he met ALFRED SARANT through employment at Western Electric where they were both employed in the Electrical Engineering Division on the same radar project. He believes that SARANT and he were fellow employees at Western Electric's Packard Building plant and at their 42nd Street plant. He recalls that once he visited ALFRED SARANT'S apartment, which was located at 65 Morton Street in the Greenwich Village Section of New York City. In placing the date of this visit he stated that in all probability it was either in 1944 or early 1945 in that SARANT was not married at the time.

It is recalled that SARANT was married in July, 1945.

Explaining further as to the reason for his visit to SARANT'S apartment, he stated that they both had occasion, in connection with their official duties

NY 65-15360

File employed with Western Electric, to visit the Bell Labs which were located in the general vicinity of SARANT'S apartment at 65 Morton Street. He recalls that he accompanied SARANT to his apartment during their lunch^{hour} and that SARANT played for him on his guitar. He recalls that possibly SARANT played some records for him on his record player while they were in the apartment.

Mr. CULICOVER recalls that SARANT was married in July, 1945, and the employees in the Electrical Engineering Division at Western Electric had a luncheon for him, most probably immediately prior to his wedding. He recalls that SARANT'S intended bride, Miss LOUISE ROSS, also attended this luncheon. He recalls shortly after SARANT'S marriage that he transferred from the Western Electric Company to Bell Labs and he recalls visiting SARANT at Bell Labs on a couple of occasions during the latter 1945 and 1946 period. He stated that his visits to Bell Labs were in connection with his official duties with the Western Electric Company and he took this opportunity to "say hello" to SARANT while there. N1

Mr. CULICOVER further advised that SARANT, in the latter part of 1946, moved to Ithaca, New York, where he was to have continued his education at Cornell University. He recalls having received several Christmas cards from SARANT thereafter and a birth announcement for possibly SARANT'S first child.

CULICOVER stated that SARANT probably obtained his home address from a list of home addresses maintained by the Western Electric Company of all employees. He stated that he does not definitely recall having furnished his address to SARANT and believes that he obtained it through a listing which was available to the personnel at Western Electric. He said that definitely he does not recall SARANT having ever visited him at his residence.

Concerning JOEL BARR, CULICOVER stated that he recalls him as having been employed by the Western

NY 65-15360

Electric Company as an Engineer in another department, possibly the Mechanical Engineering Division. He recalls that JOEL BARR would often call SARANT on the telephone and he believes that BARR was a close friend of SARANT.

It is recalled that DAVID GREENGLASS has advised that JULIUS ROSENBERG, his brother-in-law, had confided that JOEL BARR had been an active Soviet agent in the United States prior to his leaving for Europe to act further as a Soviet agent in 1948. RUSSIA
N.Y.

DAVID GREENGLASS is currently serving a fifteen year sentence for conspiracy to commit espionage.

Mr. CULICOVER stated that ALFRED SARANT was seemingly uninterested in his work at Western Electric and would absent himself quite often from his work. He believed that sometimes he would be gone a day or so and thereafter would return to work. He stated that although Western Electric frowned on this practice, they were in desperate need of capable Engineers and he believed that SARANT was excused due to this reason.

He stated that neither SARANT or JOEL BARR had ever made any request of him to furnish any information pertaining to espionage of any type. He stated that he had never been a member of the Communist Party or any of its front organizations with the exception of membership in the International Workers Order (IWO) for approximately one year in the 1948-1949 period. He stated further that he and his wife joined the IWO on the advice of their family physician Dr. HERBERT MARCUS, who has an office at 95 West 195th Street in the Bronx. He recalls that Dr. MARCUS had said something to the effect that joining the IWO was a good idea since it offered inexpensive insurance and medical treatment. Membership in the IWO was entered into in order to defray the expenses of an impending childbirth. Mr. CULICOVER stated that when he learned N.Y.

NY 65-15360

that the IWO was on the Attorney General's list of organizations which had been declared subversive, he immediately wrote to the IWO in New York City and submitted his desire to be dropped from their membership list.

T-1, of known reliability, advised on November 25, 1949, that JACK CULICOVER, born in 1907, and SYLVIA CULICOVER, born in 1916, were members of IWO Lodge Number 746 in New York City as of April, 1949. A.Y.

The IWO has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

II. INTERVIEW OF SIDNEY GORDIN

During the permissive search, mentioned previously, the following entry was noted in SARANT'S small address notebook:

"SID GORDIN
1084 7th Avenue
Top Floor, Near 12th Street" N.Y.

SIDNEY GORDIN, a "free-lance" cartoonist, who is also a sculptor with residence at 108 Fourth Avenue New York City, was interviewed by the writer on June 22, 1954, concerning his knowledge and association with SARANT.

LOUISE SARANT has advised in interview that GORDIN, whom she met only once, is a friend of her husband and an artist who attended Cooper Union. GORDIN advised that he was a classmate of ALFRED SARANT at Cooper Union and graduated with SARANT in the class of June, 1941. He was an art student while at Cooper Union.

Another classmate was DANK SHAPIRO who was also an art student. SHAPIRO, according to GORDIN, is currently employed as a professor of Graphic Arts, Bennington V.T.

NY 65-15360

*SHAPIRO

College, Bennington, Vermont. He stated that SHAPIRO married a girl by the name of ANN and they live at 72 Carmine Street, Greenwich Village, New York City. This was their address at the time they left New York City for Bennington, Vermont in about 1946. NY VT

It will be also noted that these entries appear in SARANT'S small address book:

"DAN and ANN
72 Carmine"

"DAN SHAPIRO
CH 3-8133
72 Carmine"

GORDIN stated that he last saw SARANT during the middle 1940's. He met LOUISE SARANT at SARANT'S 65 Morton Street, Greenwich Village, New York City apartment. He explained that he also lived in the Village at that time at his present address, and by chance met SARANT on the street. SARANT invited him up to the apartment and there he met SARANT'S wife. He believes that he may have then furnished his address to SARANT. GORDIN referred to his own address book and failed to locate SARANT'S name or address. He permitted the writer to examine his address book and no entry concerning SARANT was noted. He does not believe that SARANT has ever visited his apartment on Fourth Avenue. He explained that while students at Cooper Union, they were friends and he believes that SARANT may have worked on the school newspaper with him. GORDIN stated that he did cartoons for the school newspaper at Cooper Union.

GORDIN stated that SARANT was very interested in the guitar, and played it extremely well. He specialized in classical music. He recalls that they were forever discussing the merits of playing classical music on the guitar as compared to piano.

GORDIN stated that SARANT was a personable individual whom he liked very much. He does not recall

NY 65-15360

that they ever had any political discussions and he states that he has no information as to whether SARANT was ever a member of the Communist Party or any of its front organizations. He stated that he has no knowledge concerning espionage.

GORDIN advised that he is married to VICTORIA SIERRA and she writes captions for his cartoons which appear in such magazines as "The Saturday Evening Post" and "Colliers". He stated that his cartoons are signed "SIVIC".

GORDIN expressed the belief that SHAPIRO has had little contact with SARANT since college. He expressed the belief that SHAPIRO'S relationship with SARANT could not have been "close" because he believes that either DAN or ANN SHAPIRO would have advised him of their contact with SARANT.

GORDIN stated that he is not now nor has he ever been a member of the Communist Party or any of its front organizations.

The indices of the New York Office failed to reflect any additional references to GORDIN and there are no references to his wife VICTORIA ~~SIERRA~~ GORDIN.

III. INTERVIEWS OF MR. AND MRS.
SOLOMON ~~SHERN~~

The following entry appeared in SARANT'S address book which was obtained during a permissive search of SARANT'S Ithaca, New York residence on July 19 and 20, 1950:

"CLARE ~~SHERN~~
1150
G.C.
6B
JE 6-1203"

Mr. JOSEPH FRIEDMAN, Agent for the 1150 Grand Concourse apartment building, telephone number LU 8-1940,

NY 65-15360

advised the writer on August 9, 1954, that a SOLOMON SHERR and wife, whose first name he did not know, had resided in Apartment 6B from approximately the mid 1940's until the 1948-1949 period. Mr. FILLMAN stated that he did not have any further information pertaining to them and does not know where they are currently residing.

Dr. MAX SHERR (DDS), 182-41 80th Road, Queens, New York, telephone number JA 3-3826, advised the writer on August 9, 1954, that his brother SOLOMON and wife CLARE SHERR currently reside in an apartment building located at 32 Beaumont Circle, Tuckahoe, New York, and have telephone number SPENCER 9-6173. Dr. SHERR believes that his brother is employed as an Engineer for the General Precision Labs, Incorporated, 63 Bedford Road, telephone number PLEASANTVILLE 2-2000, Pleasantville, New York. N.Y.

On August 12, 1954, Mrs. SOLOMON SHERR, nee CLARE GINSBERG, was interviewed by SA EDWARD J. CAHILL and the writer. Mrs. SHERR is temporarily residing, during the summer months, with her parents, the SAMUEL GINSBERGS in Cottage Number 60, Cortland Colony, Brandise Avenue, off of Route Number 6, near Peekskill, New York. Mrs. SHERR stated that she is a United States citizen, having been born on November 6, 1921 in New York City. In June, 1943, she graduated from Brooklyn College, Brooklyn, New York. N.Y.

She recalls having met ALFRED SARANT at the Western Electric Company, where she was employed as a Junior Assistant Engineer (Expeditor) from September, 1943 until the Fall of 1949, in their 54th Street plant and 42nd Street plant. She stated that she worked in the same department with SARANT.

She stated that she also met JOEL BARR, another Engineer and friend of SARANT who worked for the Western Electric Company.

She recalls that in either the Spring or Fall of 1949, she and her husband, SOLOMON SHERR, were invited

NY 65-15360

to attend a musical which was held at SARANT'S 65 Morton Street, Greenwich Village, New York apartment. This invitation had been extended to her by SARANT inasmuch as she had discussed music with him at Western Electric and he had learned that her husband was a graduate of the Julliard School of Music, New York City. She recalls that JOSE BARR was also present at this musical as were a number of other "music lovers". She does not recall the names of any of the other individuals who were present.

Mrs. SHERR recalls that at a luncheon given for ALFRED SARANT by employees at the Western Electric Company, she (Mrs. SHERR) met LOUISE MOSS, the girl who subsequently married SARANT. She stated that this luncheon was in honor of SARANT due to his impending marriage.

Mrs. SHERR stated that she may have furnished their 1150 Grand Concourse, Bronx, New York address to ALFRED SARANT. She recalls having received a Christmas card from the SARANTS shortly after they were married. This was the last contact that either she or her husband had had with SARANT. She stated that she did not know his current whereabouts and has had no association with him, in addition to the information furnished above.

She stated that SARANT had never, to her knowledge, approached her to furnish any information pertaining to her job at the Western Electric Company, nor did she have any information pertaining to espionage. She said that SARANT was, in her opinion, either a Communist or a fellow traveler; however, she has no definite recollections of anything which she could base this opinion on. She did state that it was well known at Western Electric that she was very anti-Communist and she believes that SARANT would argue for the Communist side in discussing any matters pertaining to the Communist Party.

T-2, another Government agency which conducts security type investigations, has advised that [REDACTED] New York 56, New York, was on the [REDACTED]

b7c
b7d

NY 65-15360

mailing list for the Federation of Architects, Engineers, Chemists, and Technicians (FAECT), May - June, 1944.

Mrs. SHERR advised that she was never a member of the FAECT. She does recall, however, that mail was received in her name at the 1150 Grand Concourse address from this union in possibly 1944 when they were attempting to organize the employees at the Western Electric Company.

The following information was taken from Pages 264 and 265 of "A Story of the CIO" by BENJAMIN STOLVERG: N.Y.

"The FAECT was organized in 1934 mainly from the technical staff in the Works Progress Administration (WPA). From the very beginning, the Federation has been under Stalinist leadership and its rank and file are chiefly Communist Party followers."

According to T-3, of unknown reliability, MILTON BLEZ, First National President of FAECT, made the following remarks regarding this organization: N.Y.

"When I discovered that I was being used as a front for a group of Communists I resigned," not because of opposing Communism but "because I oppose tricking my fellow workers into an organization which failed to be a bona fide labor union but was in reality a tool of the Communist Party."

The "New York Times" of March 24, 1946, Page 26, Column 4, contained the information that the FAECT, Congress of Industrial Organizations (CIO) had merged into the United Office and Professional Workers of America (UOPWA).

The "CIO News" issue of February 20, 1950, on Page 6, Column 1, contained an article reflecting that the CIO Executive Board had voted to expel the UOPWA from the CIO effective March 1, 1950. The Board acted, according to the article, on a report filed by the Trial Committee appointed to hear the charges against the UOPWA.

NY 65-15360

The Committee found "the policies and activities of the UOPWA followed and continued to follow exactly without deviation the program of the Communist Party Never in the history of the UOPWA has any policy ever been adopted which in any way runs counter to the policies of the Communist Party or to the interests of the Soviet Union as these interests are reflected in the program of the Communist Party."

SOLOMON SHERR, husband of CLAIRE SHERR, whose interview was reported immediately before in this report, was interviewed by S. CAHILL and the writer on August 12, 1954. Mr. SHERR is Associate Section Head of the AB Electronics Section, General Precision Labs, Incorporated, 63 Bedford Road, Pleasantville, New York.

Mr. SHERR is an American citizen, having been born on March 23, 1918, in the Bronx, New York. He attended City College of New York (CCNY) from 1934 to 1935; the Julliard School of Music from 1935 to 1939, where he received a BS Degree; Columbia University, 1940 to 1942; and New York University (NYU) from 1944 to 1948, where he received a BA Degree.

101
Mr. SHERR stated that he has a secret clearance working on an Air Force contract. The Office of Special Investigation (OSI) is the security cognizance agency. He stated that he had been working for the General Precision Labs since 1951 having been previously employed from September, 1948 until 1951 at the Federal Telecommunications Laboratories at Nutley, New Jersey.

He stated that in the 1944-1945 period, he accompanied his wife to the apartment of ALFRED SARANT, which was located in the Greenwich Village section of New York City. He stated that the purpose of the contact with SARANT was to have dinner with him and later that evening attend a musical at SARANT'S apartment. He recalls that he and his wife went to SARANT'S apartment during the early evening hours and thereafter SARANT accompanied them to a neighborhood restaurant where they

NY 65-15360

had dinner and thereafter returned to SARANT'S apartment. He believes that approximately fifteen people came to the musical upon their return. He stated that JOEL BARR, a friend of SARANT, was also present at the musical; however, he does not recall the names of any of the other individuals who were present. Mr. SHERR recognized photographs of ALFRED SARANT; however, he did not recognize any of the photographs of JOEL BARR.

Mr. SARANT further advised that his wife, CLAIR, had worked with SARANT at the Western Electric Company where she was employed as a Junior Assistant Engineer. SARANT had extended an invitation for them to attend one of his musicals, through his wife. He stated that this was the only contact that he has ever had with SARANT.

He stated that no one has ever approached him to furnish any information of an espionage nature. He said that he has never been a member of the Communist Party or any of its front organizations.

Concerning his membership in the FAECT, he related the following:

Approximately three months after he went to work for Federal Telecommunications Laboratories, he became a member of the FAECT which was affiliated with the UOPWA. This union was the official bargaining agent with Federal Telecommunications Laboratories. After being a member of this organization for a short time, he realized that in all probability it was Communist dominated and controlled, and thereafter he set upon a program of assisting several other men at Federal Telecommunications Laboratories in a fight to rid Federal Telecommunications Laboratories of this union. He stated that their fight was victorious and in the latter part of 1950 or 1951 they were able to have the International Union of Electrical, Radio, and Machine Workers, (IUE) CIO recognized as the bargaining agent at Federal Telecommunications Laboratories.

IV. INVESTIGATION TO LOCATE AND
INTERVIEW MRS. (FNU) GALSTON,
NEE DLE KUNTZ

During the course of an interview with ALFRED S. RANT on July 19, 1950, by Bureau agents, he executed a waiver authorizing Bureau agents to conduct a search of his home at Cayuga Heights Road, R.D. 1, Ithaca, New York. Among the items located was a Bates List Finder containing names, addresses, and telephone numbers of various individuals and concerns. Among the entries appearing therein was that of:

"DLE c/o KUNTZ
201 West 16th Street
WA 9-7557"

The following investigation has been conducted to identify this individual:

Mrs. ALFRED S. RANT has advised in interview that KUNTZ was formerly a student at Cornell University, Ithaca, New York.

On August 15, 1950, SA NORBERT T. ZIMBINSKI contacted DAN McCLINCHEY, elevator operator at 201 West 16th Street. Mr. McCLINCHEY advised that the DLE referred to above is DLE GALSTON, son-in-law of EDWARD KUNTZ, Chairman of the American Labor Party (ALP). He related that GALSTON, upon his return from the Navy, married EDWARD KUNTZ'S daughter and resided at his father-in-law's apartment for two years.

Mr. McCLINCHEY further stated that GALSTON and his wife then left for California where they remained until June, 1950, at which time, GALSTON and his wife returned to New York City enroute to Stockholm, Sweden, where they presently reside (August 15, 1950).

He stated that GALSTON is the father of two children and described him as being about 30 years of age.

NY 65-15360

5'10" tall, 150 pounds, dark complexion, black wavy hair, round face, and a good dresser.

The current Manhattan telephone directory reflects that WA 9-7557 is subscribed to by BEN THICE KUNTZ, 201 West 16th Street. 17 Y

On June 21, 1954, T-4, of unknown reliability who is acquainted with the EDWARD KUNTZES, advised that DALE GALSTON is the daughter and not the son-in-law of Mr. and Mrs. EDWARD KUNTZ of 201 West 16th Street, New York City. The informant stated that the GALSTONS are currently residing in California; however, the home address or any further identifying data was not furnished by T-4.

The "Guide to Subversive Organizations and Publications", dated May 14, 1951, prepared and released by the Committee on Un-American Activities, United States House of Representatives, Washington, D.C., contains the following concerning the American Labor Party:

"American Labor Party

"1. 'For years, the Communists have put forth the greatest efforts to capture the entire American Labor Party throughout New York State. They succeeded in capturing the Manhattan and Brooklyn sections of the American Labor Party but outside of New York City they have been unable to win control.'

"(Special Committee on Un-American Activities, Report, March 29, 1944, page 78.)

"2. Among 'organizations that are victims of Communist domination.'

"(California Committee on Un-American Activities, Report, 1948, pages 40 and 41.)"

On June 22, 1954, Mr. EVERT LAWSEN, superintendent of the 201 West 16th Street apartment building, was

NY 65-15360

contacted by the writer. He stated that DALE GALSTON is the daughter of EDWARD and BEATRICE KUNTZ, who are tenants in his building. The GALSTONS lived with her parents for a short period of time, approximately three or four years ago, and it is his recollection that they have at least one child. He stated that he did not know where the GALSTONS are currently residing nor did he know DALE GALSTON'S husband's first name.

Mr. FRANK DIVONA, elevator operator at the 201 West 16th Street apartment building, advised SA ROYAL on June 22, 1954, that DALE GALSTON is the daughter of EDWARD and BEATRICE KUNTZ and she is believed to be residing with her husband in Pasadena, California, where he is a teacher in some unknown name college or university. He believes that DALE GALSTON'S husband has his Doctor's Degree; however, he does not know his first name.

It is Mr. DIVONA'S recollection that Dr. GALSTON was in Stockholm, Sweden several years ago in connection with the Stockholm Peace Movement.

Mr. THOMAS GRADY, evening elevator operator at the 201 West 16th Street apartment building, advised the writer on June 22, 1954, that DALE GALSTON is believed to be the daughter of EDWARD and BEATRICE KUNTZ. He stated he did not know the GALSTONS' current address nor did he know DALE GALSTON'S husband's first name. He believes that they have two children and resided with her parents in this apartment building several years ago. He believes that the GALSTONS spent about one year in Sweden in approximately 1950.

On June 22, 1954, the writer made inquiry at the Old Chelsea Station, 217 West 18th Street, New York, 11, New York. There was no return address card on file for DALE KUNTZ GALSTON or anyone with the last name of KUNTZ and/or GALSTON.

In the "Daily Worker", an East Coast Communist daily newspaper, issue of September, 1952, page 2,

NY 65-15360

columns 2, 3, and 4, an article entitled, "93 Notables Ask Attorney-General To Release Martin Young on Bail" appeared. Among the signers was Professor ARTHUR W. GALSTON from California.

The indices of the New York Office failed to reflect any additional references to DALE KUNTZ GALSTON. 11/3 CASE 3416

T-5, of known reliability, advised on February 14, 1951, that EDWARD KUNTZ, SR. was a member of the Communist Party in 1936 and 1937. KUNTZ, according to T-5, was one of the attorneys for HORTON SOBELL, who is currently serving thirty years at the United States Penitentiary at Alcatraz for conspiracy to commit espionage against the United States.

T-6, of known reliability, advised on April 8-9, 1953, that Mrs. EDWARD KUNTZ, SR. nee BEATRICE REER resigned her teaching position with the New York Board of Education during the course of an investigation pertaining to her suspected Communist affiliations. Mrs. KUNTZ, according to T-6, was born on June 15, 1896, in New York City and had been assigned to Public School 33, Bronx, New York.

Concerning the brother of DALE KUNTZ GALSTON, EDWARD KUNTZ, JR., T-7, of known reliability, advised on December 10, 1943 that EDWARD KUNTZ, JR. was a member of the Kearney, Shipyard Branch of the Communist Party in Hudson County, New Jersey.

Concerning the wife of EDWARD KUNTZ, JR., T-8, of known reliability, advised on December 9, 1946, that the name of BEATRICE KUNTZ, 1020 Gerard Avenue, Bronx, New York, telephone number JE 6-6625, appeared as a member of the Stadium Club of the Communist Party, 1 East 167th Street, Bronx, New York.

It is noted that Mrs. EDWARD KUNTZ, JR. has the same first name as Mrs. EDWARD KUNTZ, SR. and they are not to be confused.

NY 65-15360

V. INVESTIGATION TO LOCATE
AND INTERVIEW MRS. H. L. HENDRIX,
NEE SHIRLEY E. R. ZE

During the permissive search of S. R. ANT'S
Ithaca, New York residence by Bureau agents on July
19-20, 1950, the following entry was noted in his small
address book:

"S.E.
128 West 13th Street.
CH 3-9252"

Telephone number CH 3-9262 is listed to
Dohall Apartments, 128 West 13th Street, New York City.

On September 21, 1950, Mr. SYD CHANDLER,
superintendent at 128 West 13th Street, was interviewed
by SA THOMAS F. MITCHELL. He advised that he had been
the superintendent at this address for the past five years.
He stated that the building had been owned for the
past six years by Mrs. DORIS ZATTINSKI, 241 Central Park
West, New York City, but that all matters concerning
tenants are handled by her daughter HARRIET BERNSTEIN,
40 Clarkson Avenue, Brooklyn telephone BUCKMINSTER 7-6260. N.Y.

Mr. CHANDLER stated that the apartment building
is approximately 40 years old and has 42 apartments in it.
He added that in recent years, there had been a very rapid
turn-over of tenants.

Mr. CHANDLER pointed out that Apartment Number 15
at 128 West 13th Street, for the past two years, had been
occupied by H. L. HENDRIX and his wife SHIRLEY HENDRIX. CALL IF
Mr. CHANDLER stated that H. L. HENDRIX is approximately
45 years of age and is employed as editor and publisher
of the "Caricature", a Greenwich Village feature news-
paper with offices at 245 West 14th Street. CHANDLER
estimated that SHIRLEY HENDRIX is about 35 years old and
he believes that she is also employed for this newspaper. N.Y.

NY 65-15360

CHANDLER advised that SHIRLEY HENDRIX receives mail, which he believes to be from her family in Minnesota, addressed to her in her maiden name of SHIRLEY BORAZO (ph.).

It has been ascertained from a review of various issues of the "Guildpaper" for 1946 that one HALL HENDRIX was connected with the "World Telegram" (Art) and was listed on the editorial staff.

The "Guildpaper" was the official organ of the New York Newspaper Guild.

On June 22, 1954, Mrs. HARRIET BERNSTEIN, 40 Clarkson Avenue, Brooklyn 26, New York, telephone number GR 2-6504, advised the writer that the HENDRIXS moved from her apartment building at 128 West 13th Street, New York City, in August, 1951, leaving no forwarding address. Mrs. BERNSTEIN stated that in reviewing an application for rental dated 1946 and executed by the HENDRIXS, it was noted that Mr. HENDRIX had formerly resided at 403 West First Street in Dayton, Ohio, and had been employed there by the Dayton Journal Herald. As a reference, Mrs. HENDRIX gave the Union Square Savings Bank, 20 Union Square, New York City. She, according to Mrs. BERNSTEIN, had an account there under her maiden name which was Miss SHIRLEY B. RAZE.

T-9, of known reliability, advised on August 9, 1954, that SHIRLEY B. RAZE of 105 East 19th Street, New York City, opened a savings account at the Union Square Savings Bank, 20 Union Square, New York City, on April 30, 1945 and closed her account on July 9, 1945. T-9 stated that she was employed as a Junior Assistant Engineer for the Western Electric Company. She was born on April 28, 1923 in Redwing, Minnesota and her parents were named BENJAMIN and FLORENCE B. RAZE.

The information furnished by T-9 is not to be made public except in the usual proceedings following the issuance of a subpoena duces tecum.

T-10, of known reliability, advised that SHIRLEY HENDRIX and her husband HALE HENDRIX, as of July, 1951, resided at 2 West 16th Street, New York 11, New York, and had previously resided at 128 West 13th Street, New York City. According to T-10, HALE HENDRIX was the owner of "Caricature", a Greenwich Village newspaper, located at 100 West 14th Street, New York City.

It was ascertained at the Old Chelsea Post Office Station that on July 7, 1953, HALE HENDRIX filed a change of address card indicating that he could be reached in care of General Delivery, San Diego, California.

On July 16, 1953, the Greenwich Village newspaper "Caricature", filed a change of address reflecting 2374 Etuvanda Street, San Diego, California.

The indices of the New York Office failed to reflect any reference to SHIRLEY HENDRIX nee BLAZE.

DATE: October 8, 1953

FROM : W. A. BraniganSUBJECT: SUSPECTED ESPIONAGE, FT. MONMOUTH, NEW JERSEY,
AND FEDERAL TELECOMMUNICATION LABORATORIES,
NUTLEY, NEW JERSEYBACKGROUND:

The Department of the Army has alleged that a "possible espionage ring" is operating in the electronics field, particularly in the installations in the above caption.

The Newark and New York Offices have reviewed Army dossiers on 677 individuals and have checked their office indices for derogatory information. The Bureau has also checked its indices for additional derogatory information and has advised Newark and New York of the results. Newark, the office of origin, is correlating all information and is submitting to the Bureau its recommendations as to what action is being taken on each individual. These recommendations are being reviewed at the Bureau for approval or other action.

ACTION TO BE TAKEN BY SUBSTANTIVE SUPERVISOR:

In some cases it will be necessary for the substantive supervisor in the Espionage, Internal Security or Security of Government Employees sections to approve the recommendation or take whatever action he deems necessary. The action taken by the supervisor or his approval should be noted below in the designated place.

There are attached one copy each of the Newark, New York and Bureau summaries together with Newark's recommendations. Indicate action taken and return immediately to Supervisor F. L. Jones, Room 2710, Espionage Section, with the attachment.

VIVIAN FRUCHTBAUM - A close associate of VIVIAN GLASSMAN, described below.

VIVIAN GLASSMAN - GLASSMAN was a girl friend of JOEL BARR, and has been identified by DAVID GREENGLASS as a member of the ROSENBERG apparatus. She has been associated with many of the persons involved in this ring, and admitted to FBI agents that she delivered \$2000 to WILLIAM PERL in Cleveland with instructions for his flight from the U.S. to Mexico. This money supposedly came from a Soviet agent. After PERL refused the money, she was contacted by this man, who reclaimed the money. She has refused to identify this individual.

SOLOMON GREENBERG - GREENBERG formerly employed as an Electrical Engineer at FTL. An informant, of unknown reliability, advised JULIUS ROSENBERG in discussing his contacts said, "You know a man by the name of GREENBERG, who is a big electrical engineer at General Electric in Newark." Investigation disclosed no GREENBERG at GE in or around Newark.

DAVID GREENGLASS said JULIUS ROSENBERG used a certain apartment in N.Y.C. for microfilming. Investigation disclosed ALFRED SARANT was listed as the renter. ALFRED SARANT's notebook contained SOLOMON GREENBERG's name and phone number. GREENBERG denied knowing SARANT.

GREENBERG was found to be taking classified documents from FTL home. GREENBERG stated this was common practice with him for he used them to study. Always returned them.

LEONARD BAUDIN - CP functionary in the New York City area.

WILLIAM PERL - PERL was an associate and acquaintance of JULIUS ROSENBERG who was tried, convicted and executed for espionage. He has been involved with and associated with many of the persons included in the Rosenberg espionage apparatus. PERL was indicted for perjury in connection with the Rosenberg case, and he is presently serving five years for perjury.

JOEL BARR - BARR was a member of the Soviet espionage apparatus in which JULIUS ROSENBERG functioned.

JULIUS AND ETHEL ROSENBERG - On 10/10/50, the Federal Grand Jury, Southern District of New York indicted JULIUS ROSENBERG, ETHEL ROSENBERG, ANATOLI A. YAKOVLEV, MORTON SOBELL, and DAVID GREENGLASS for conspiracy to violate the wartime espionage statute, Sub-section A, Section 32, Title 50, U.S.C. On 3/29/51, SOBELL and the ROSENBERGS were found guilty by a Federal Jury in the Southern District of N. Y. On 6/19/53, the ROSENBERGS were executed in accordance with their sentence.

MORTON SOBELL - MAX ELITCHER, a self-admitted CP member, and associate of both JULIUS ROSENBERG and SOBELL, stated that he was recruited into the CP by SOBELL. ELITCHER advised that ROSENBERG informed him that SOBELL was aiding ROSENBERG in espionage work. ELITCHER further stated SOBELL had attempted to enlist him in espionage work by turning over information to SOBELL obtained by ELITCHER in the course of his employment with the Navy Department, Bureau of Ordnance, Washington, D.C. SOBELL was tried and convicted and sentenced to 30 years imprisonment on 3/29/51 for conspiracy to commit espionage.

RECOMMENDATION

No action warranted because SARANT is the subject of a pending Espionage-R investigation of which Albany is origin.

140-176-13-11 Newark report dated 11/7/53 by SA JAMES R. LAUGHLIN, entitled, "EDWARD JOHN FISTER" Security of Government Employees; which reflect the following information: Mr. RALPH L. DUNN, Chief of the Radar Mechanisms Unit, Radar Equipment Section, stated that Mr. FISTER, in his position as Assistant Chief of the Radar Branch, would have had to approve promotions for HAROLD DUCORE, SAMUEL LEVINE and ALLEN LOVENSTEIN. Mr. DUNN related that he considers DUCORE and ALLEN LOVENSTEIN to be of questionable loyalty due to the fact that he is aware that they both have recently been suspended as security risks at Evans Signal Laboratory. DUNN advised that LEVINE'S loyalty is questionable to him mainly because he is aware of the fact that LEVINE is under investigation. DUNN was interviewed by SA LAUGHLIN on 10/20/53. (It should be noted that date was not reflected in report but was verbally verified as 10/20/53 by SA LAUGHLIN)

65-4108-123 Newark report dated December 4, 1950 by SA GERHARD P. HURDT, entitled, "MORTON SOBELL, was." Espionage - R; Internal Security Act of 1950; which sets out the following information:

(pages 8,9) SAMUEL LEVINE, Deputy Chief, Systems Section, Evans Signal Laboratory, Fort Monmouth, N.J., was interviewed on November 9, 1950 by Special Agents REGINALD C. VINCENT and JOHN R. LYONS. LEVINE stated that he presently resides at 98 Beachwood Avenue, West Long Branch, N.J. He stated he was acquainted with SOBELL as a fellow student at CCNY from 1934 to June, 1938. He considered SOBELL one of the most intelligent students who was extremely interested in technical studies and very argumentative to the point where fellow students called him a "screwball", according to LEVINE. The latter said that this was due to some of SOBELL'S eccentric behavior as for example, when SOBELL would disagree with an instructor in school he would jump up and angrily shout his objections to something said by the instructor instead of putting up a logical argument to refute any statements by the instructor which SOBELL might have considered erroneous. 65-4108-123 (pages 8,9 continued from page 1) LEVINE stated that SOBELL could be classified as a liberal or a radical and explained that he believed a liberal to be one who would support the new deal program of the Roosevelt administration and a radical to be one who would sympathize with and support the Communist movement:

LEVINE further advised that he accidentally met SOBELL in June, 1942 when LEVINE and his wife were returning from Washington, D. C. after their honeymoon. SOBELL mentioned at that time that he had previously worked at the Navy Department in Washington, D. C. with some other former CCNY classmates of SOBELL and LEVINE. SOBELL also indicated to LEVINE at that time that he had either just completed or was about to start graduate studies at the University of Michigan.

LEVINE advised he later saw SOBELL at the Evans Signal Laboratory, Fort Monmouth, N.J., when SOBELL was present there with other Reeves Instrument Company personnel for discussion with Signal Corps engineers regarding contracts between the two.

LEVINE stated that he last saw SOBELL during several visits he made to the Reeves Instrument Company in New York on Signal Corps business but had no contact with him other than casual greetings. LEVINE added that he was never approached by SOBELL or anyone else to furnish unauthorized information of any kind.

(pages 25,26) AARON COLEMAN, Chief, Radar Co-ordination Section, Radar Branch, Evans Signal Laboratory, Fort Monmouth, N.J., was interviewed on November 2, 1950 by Special Agents LOUIS G. TURNER and REGINALD C. VINCENT at his residence 42 Branchport Avenue, Long Branch, New Jersey. COLEMAN stated that SOBELL never had access to classified information through him, although he could have seen other classified reports of the Signal Corps which were sent to the Reeves Company under guard. He recalled that at the time of SOBELL's arrest he, COLEMAN, reported to the Security Officer at Fort Monmouth, New Jersey, the possibility that Signal Corps data may have been compromised by SOBELL's presence at the Reeves Company. COLEMAN mentioned that following SOBELL's arrest, SAMUEL LEVINE told COLEMAN that the management at Reeves was aware that SOBELL was a Communist. COLEMAN believed that LEVINE's source for this information was HARRY BELOCK, who was apparently aware of SOBELL's leanings. COLEMAN recalled the names of SAMUEL LEVINE & SAM POMERANTZ, both of Evans Signal Laboratory, and other names, who were classmates of SOBELL.

65-4108-123 (page 30) "Evans Signal Laboratory, Belmar, N.J.
November 9, 1950" "I, SAMUEL LEVINE, make the following voluntary
statement to JOHN R. LYONS and REGINALD C. VINCENT who have
identified themselves to me as Special Agents of the Federal
Bureau of Investigation. No threats or promises have been made
to me for this statement and I know it can be used in a court of
law. I have been advised that I do not have to make any state-
ment and that I am entitled to benefit of counsel.

(2)
I attended the College of the City of New York, from 1933 to
June of 1938. I graduated at that time with the degree of Bach-
elor of Electrical Engineering. In my class at college was
MORTON SOBELL who I became acquainted with. Since graduating from
college I met MORTON SOBELL on a few occasions. Once on a trip
from Washington D. C. in June 1942, on another occasion when I
happened to meet him when he visited Evans Signal Laboratory. I
also saw him on a couple of occasions when I visited the Reeves
Instrument Company, New York City. I did not visit him on bus-
iness but just happened to see him and talked with him as he
was in the same room with PERRY SEAY who I was visting on Signal
Corps business.

Since SOBELL was apprehended I saw HARRY BELLOCK, an official of
Reeves Instrument Company, along with HERMAN STANDT. BELLOCK
told us that after they had hired SOBELL they learned that he was
a Communist or was suspected of being a Communist. He also said
that he knew SOBELL was under surveillance by some security agency.
BELLOCK stated that it would be better to keep SOBELL working in
the organization where he could be watched than to fire him.
BELLOCK said he had told this to the security agency and it was
my impression from the conversation that the security agency agreed
with this procedure. BELLOCK also stated that he could not im-
agine SOBELL being a spy in view of the diligence he pursued in
his work at Reeves Instrument Co.

I have read the above statement consisting of two pages dated
November 9, 1950 and state that to the best of my recollection
the information is true.

In addition to the above signed statement, LEVINE also advised
that he was acquainted with JULIUS ROSENBERG as another member
of his CCNY class, but that his acquaintanceship did not extend
beyond that. He described ROSENBERG as being openly Communistic
and admitting frequently his association with the Communist move-
ment. He said that ROSENBERG was continuously attempting to
interest other students in the principles and activities of various
Communist movements on the campus and that he, himself, had been

65-4108-123 (page 31) approached by ROSENBERG. He did not recall specifically the nature of the approach but vaguely recalled that it was along the lines of pointing out the benefits of Communism.

LEVINE also advised that ROSENBERG was seen passing out literature and was present at various demonstrations held at City College, New York in those times. LEVINE denied that he had ever participated in any Communist or related activity or that ROSENBERG had ever succeeded in recruiting him to that cause.

With reference to HARRY BELLOCK, whom LEVINE mentioned in his signed statement, LEVINE advised that he understood that BELLOCK, in the past two or three days, had resigned as an official of the Reeves Company.

(page 35) WILLIAM PATRICK LONNIE, Electrical Engineer, Applied Physics Branch, Evans Signal Laboratory, who resides at 36 Brower Boulevard, Wanamassa, New Jersey, advised Special Agents REGINALD G. VINCENT & JOHN R. LYONS that he graduated from CCNY with a degree in electrical engineering in February, 1939. LONNIE pointed out that there was a great deal of political activity at CCNY during the late '30s such as passing out pamphlets but that he could not identify SOBELL or ROSENBERG with this activity. He suggested that SAM LEVINE, MURRY DISTEL & JEROME FREEDMAN might also recall SOBELL.

(page 57,58) Captain WILLIAM PETERSON, Assistant Chief, Security and Intelligence Office, Signal Corps Engineering Laboratories, Fort Monmouth, N.J. A review of Captain PETERSON's files by SA REGINALD G. VINCENT reflected a letter dated 5/15/50 to the Reeves Instrument Corporation, Attention of Mr. PERRY SEAY, stating that the Signal Corp authorized an extended clearance for a period of six months from the above date for intermittent visits to Reeves to contact HARRY BELOCK, JOSEPH KLEINMAN, PERRY SEAY. SAMUEL LEVINE and others received clearance regarding contract W 36-039-SC 33716 (414A). The letter indicates that these individuals have been cleared for access to information classified up to and including Secret.

By letter dated 3/14/50 the GENERAL ELECTRIC COMPANY, Syracuse, New York, was advised AARON COLEMAN, LOUIS VOLP and SAMUEL LEVINE were authorized to visit that plant 3/22/50 to contact Mr. VAN AUKEN regarding project 414 A. (Date information received is not reflected).

LEVINE advised he attended CCNY, 1934-1938, and that the YCL existed on the campus. The only person he specifically recalled as being a member of the YCL was JULIUS ROSENBERG. He was unable to recall any specific gathering. However, he did recall informal gatherings held in classrooms where the subject of Communism was discussed. He did have a definite recollection that ROSENBERG specifically tried to recruit people into the YCL.

LEVINE identified a photograph of WILLIAM PERL as a classmate at CCNY. He has no recollection of any meeting with PERL after graduation.

LEVINE also recalled meeting MORTON SOBELL at the Signal Corps Laboratories, Fort Monmouth, New Jersey. SOBELL at that time was visiting other people at the laboratory, possibly AARON COLEMAN. LEVINE said he had the impression that PERL, while at CCNY, knew SOBELL and ELITCHER and may have known JOEL BARR. He said that he never saw JULIUS ROSENBERG at the Signal Corps Laboratories, however he had seen JOEL BARR and ALFRED SARANT there.

LEVINE said he was never a member of the YCL and had never joined that organization. (interviewing agent is not reflected)

He stated that COLEMAN was a fellow electrical engineering student in the same class and that he came to know COLEMAN fairly well at college, although they did not associate other than as fellow students. He stated that MORTON SOBELL and JULIUS ROSENBERG, the convicted espionage agents, were also fellow students of his and COLEMAN, but that to the best of his knowledge, COLEMAN had no other relationship with them other than as fellow students and did not know them outside of school. (continued on page 7)

121-769-34-23 (continued from page 6) LEVINE stated that since SOBELL and ROSENBERG were convicted of espionage, he and COLEMAN have discussed them, and in their conversations, COLEMAN has indicated that he remembered them as fellow students at CCNY but did not have any other relationship with them. He stated that COLEMAN had also remarked that since college, he had seen SOBELL once or twice on Signal Corps business while SOBELL was working for the General Electric Corp., at Schenectady, N.Y., and the Reeves Instrument Corp., New York City, N.Y., which both had Signal Corps contracts.

LEVINE stated that from 1946 through 1949, he and COLEMAN attended classes together at night in the Polytechnic Institute, Brooklyn, N.Y., and that they rode back and forth to classes together in the same car.

LEVINE further stated that he has been acquainted with COLEMAN as a fellow employee since March, 1940. LEVINE stated that he first worked with COLEMAN in the same section at Fort Hancock, N.J., on Signal Corps business, then at Camp Evans Signal Laboratory Belmar, N.J., until 1944, when COLEMAN went into the Marine Corps. He stated that during this period, they did not work directly together, but had frequent contact on technical problems on which they both worked. He stated that from 1946 to 1950, they were associated at ESL in the same manner except that they were much closer due to their outside association at Brooklyn Polytechnic Institute. LEVINE stated that from 1950 to February, 1952, he worked directly under COLEMAN on a day-to-day basis and served as Deputy Chief of the Systems Section while COLEMAN was the Chief. He stated that from 1948 to February, 1952, they were also in the same car pool.

(Page 24) LEVINE stated that since 1949, he and his wife have been associated with COLEMAN and his wife on a social basis and that they see each other on the average of about once a month. LEVINE stated that before COLEMAN was married, he and COLEMAN sometimes worked at each other's homes at night.

LEVINE stated that he believes he knows COLEMAN very well and that COLEMAN is unquestionably loyal to the United States. He stated that COLEMAN has expressed his feelings toward the US on many occasions and that COLEMAN has been very security conscious since he was reprimanded several years ago for removing classified documents from the Laboratory. LEVINE stated that he was certain that COLEMAN's only intent at that time was to be able to perform work at night which he could not get done in the day time. ESPIONAGE - R

The attention of the New York Office is directed to a summary submitted by the Newark Office on Glassman in connection with the Senontel case. It is noted that Newark reports the following derogatory information on the subject located in CIC files:

According to Andrew J. Reid, on September 7, 1950, it was reliably reported that subject had supplied photographs or Photostats of certain information to the Rosenberg-Sobell-Graenglass combination, and that this took place after her employment was terminated at the Signal Corps.

The Newark Office is requested to contact CIC authorities at Fort Monmouth and endeavor to determine CIC's source for this information and also secure any additional details it may have concerning this allegation. The Bureau and New York Office should be promptly advised of the results of this inquiry.

Mrs. ESHELMAN stated that the GLASSMAN family was rather an odd family and did not seem to have close family ties. Most of the sisters and the brother lived away from home in separate apartments apparently not desiring to live at home.

Mrs. ESHELMAN stated that when she was about eighteen or nineteen years of age, shortly out of high school, she attended a summer camp, name not recalled by Mrs. ESHELMAN in the Catskill Mountains out of New York which was also attended by VIVIAN GLASSMAN. Mrs. ESHELMAN did not enjoy this camp because the other boys and girls who attended were "too broad minded" and believed in free love. They also would gather in groups and discuss governmental matters which were uninteresting to Mrs. ESHELMAN and which bored her a great deal. After leaving high school Mrs. ESHELMAN said that she had only infrequent contact with VIVIAN GLASSMAN. She said that she believes that VIVIAN GLASSMAN was a graduate of Hunter Girls College and that she did graduate work at New York City College and also at Brooklyn College in New York, New York. She is a very brilliant student. VIVIAN was supposed to have worked at King's County Hospital as a social worker in the psychiatric ward in that she was assigned the duty of visiting the homes of released patients to determine their circumstances. VIVIAN was also supposed to have been a secretary of a Maritime Union in New York City and did other social work. She also was supposed to have acted as a counselor at various summer camps in the New York area.

Mrs. ESHELMAN stated that she does not recall specifically who made the remarks but she had heard it remarked that VIVIAN associated with Communists or Communist sympathizers. She also had heard that some of the summer camps where VIVIAN was a counselor were inclined toward Communism. Mrs. ESHELMAN stated that the older brother of VIVIAN appeared to be the one who influenced the family most. She believed that he wrote for some newspaper in New York and was supposed to go around with a man who is also a writer and who was supposed to be a Communist. Mrs. ESHELMAN did not know the identity of this man.

NY 65-15385

The Communist Party has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

Mrs. ESHELMAN stated that as she recalled it one of VIVIAN's best friends was a Mrs. ESTHER GROD, whose husband is M.A. GROD, and she believes their address is 151 Norfolk Street, New York City. Mrs. ESHELMAN is almost positive that it was Mr. GROD who remarked that VIVIAN had been in the Communist Party.

Mrs. ESHELMAN stated that another person who would know VIVIAN GLASSMAN very well and might possibly know her husband also is JENNIE XENZEL (maiden name DAMSKY) who went to college with VIVIAN and also knew her more intimately after her college career. JENNIE resides at 2609 Ross Road, Chevy Chase, Washington 15, D.C. *This is not a fact*

T-1, of known reliability, advised that ERNEST and VIVIAN PATAKI continue to maintain a checking account at the Manufacturers Trust Company, 230 Second Avenue, New York City. As of February 1, 1953 the balance in this account amounted to \$98.02; during the month of January, 1954 the PATAKIs drew checks in favor of the Consolidated Edison Company and the New York Telephone Company. The activity in this account was extremely limited. *1/2/54*

T-2, of known reliability, has advised that mail has been received by ARTHUR BARR, 601 East 20th Street from PATAKI, 343 East Eighth Street. The first name of the sender of this correspondence was not known to the informant. *1/2/54*

It will be noted that ARTHUR BARR is the brother of JOEL BARR. JOEL BARR, according to DAVID GREENGLASS, was an active Soviet agent in the United States prior to his departure for Europe in January, 1948, and was engaged in Soviet espionage with JULIUS ROSENBERG. This information was related to GREENGLASS by ROSENBERG in June, 1950, at which time ROSENBERG advised GREENGLASS that JOEL BARR went to Europe to act further as a Soviet agent.

NY 65-15385

DAVID GREENGLASS is currently serving a fifteen year sentence at the United States Penitentiary, Lewisburg, Pennsylvania, having been convicted and sentenced for conspiracy to commit espionage.

T-3, of known reliability, has advised that he believed that one of the GLASSMAN sisters was arrested at one time in Rochester, New York, for having distributed Communistic literature.

A search of the records of the Identification Division, Rochester Police Department; City Court Clerks Office, city of Rochester; and Criminal Arrest Records, Monroe County Sheriff's Office, which covers Rochester, failed to locate any arrest record for the GLASSMANS (ELEANOR or VIVIAN).

T-4, of known reliability, has advised that open session hearings were held by the McCarthy committee on December 15, 1953, in the United States Court House, Foley Square, New York. (Among the witnesses appearing at the hearing was ELEANOR HUTNER, 114 Henry Street, Brooklyn, New York. According to the informant, ELEANOR HUTNER read a prepared statement concerning an objection to the McCarthy Committee's jurisdiction, but she was interrupted by McCarthy, who ruled that her statement was not pertinent to the Committee's jurisdiction.)

The informant advised that in answer to the Committee's questions, HUTNER stated that she had been employed at Fort Monmouth (New Jersey) in 1942-1943. She was appointed to this position through Civil Service. HUTNER testified that she did not handle classified material while at Monmouth. While employed there, her work, she said, dealt with standard Signal Corps equipment, and she was uncertain whether some of this equipment was used in radar. ELEANOR HUTNER testified that she did not know whether she had been cleared for access to secret or confidential material.

T-4 said that HUTNER testified that her maiden name was ELEANOR GLASSMAN, and she is the sister of VIVIAN GLASSMAN. ELEANOR HUTNER invoked the Fifth Amendment in refusing to

answer the numerous questions which included the following:

- (1) Did JULIUS ROSENBERG discuss your employment at Monmouth with you?
- (2) Did JULIUS ROSENBERG suggest that you go to work at Monmouth?
- (3) Were you a member of the Communist Party with JULIUS ROSENBERG?
- (4) Were you a member of the Communist Party cell with JULIUS ROSENBERG and VIVIAN GLASSMAN?
- (5) Whether she had prevaricated in obtaining employment with the Board of Education.
- (6) Whether she was a member of the Communist Party while at Fort Monmouth.
- (7) Whether she was a member of the Communist Party while employed by the Board of Education.
- (8) Whether she ever was a member of a group advocating the overthrow of the United States Government by force or violence.
- (9) Whether she is a member of the Communist Party today.
- (10) Whether she ever discussed with a Communist Party member her work at Fort Monmouth.

DAVID GREENGLASS

On 6/15/50 DAVID GREENGLASS gave a signed statement to FBI Agents at NYC admitting that he was recruited for Soviet espionage by his wife, RUTH GREENGLASS, about 11/29/44, at the request of his brother-in-law, JULIUS ROSENBERG. GREENGLASS stated he gave HARRY GOLD, in the summer of 1945, a sketch of a high explosive experimental lens mold then being used for experiments in arriving at critical uranium mass at Los Alamos atom bomb project and information regarding personnel at Los Alamos. GREENGLASS was indicted by USGJ, SDNY, on 10/10/50 for conspiracy to violate the Wartime Espionage Statute, Sub Section A, Section 2, Title 50, USC. JULIUS ROSENBERG, ETHEL ROSENBERG, ANATOLI A. ESTHER LUTTAN, aka. Esther Balsam, nee Luttan

LUTTAN was the subject of an SM-C case instituted in the Newark Division in 1943 on the basis of her suspected membership in the Shore Branch of the CP from March to August, 1943. New York was designated as office of origin in this case by the Bureau in July, 1944.

CIC files reflect [REDACTED] was a member of Local 238, UFWA.]

ERNEST J. PATAKI

(b)(6)(b)(7)(c)

Employed at FTL from 1944 to 1950. A permissive search of his apartment by Bureau Agents revealed a large quantity of Communist literature which PATAKI described as union literature. While at FTL, he was steward of the UOPWA, which was alleged to have been Communist dominated.

MILDRED BLOCK

She has been reported as a member of the Monmouth County CP; however, this information was discredited when it was learned that the membership list bearing her name was actually the list of UFWA members. CIC files reflect she has associated with numerous references and associates who have been connected with subversive activities at Ft. Monmouth.

STEPHEN L. JAVNA

During an interview on 8/13/53, JAVNA admitted he applied for membership in the CP using the name STEPHEN LOUIS. He also advised that in 1946 to 1948 he was the owner of a company which sublet some of his work to JULIUS ROSENBERG, who operated the G and R Engineering Co. in N.Y.C.

ALICE KATZ

She was active in the UFWA while employed at Ft. Monmouth in 1942-1943. She was a member of the Executive Committee and Chairman of the Educational Committee of the Monmouth Chapter of the UFWA, and it was doubtful that she could have held such offices if she had not been in sympathy with Communist principles. In 1943 she was known to have been the girlfriend of JOEL BARR, suspected espionage agent mentioned above.

LEONARD BOUDIN

BOUDIN is a CP functionary in the N.Y.C. area. He has been described by a Newark Informant as a dangerous Communist.

During that interview, she stated she was unable to give any information concerning one VIVIAN GLASSMAN on the grounds it had been too long since she associated with GLASSMAN. It is noted that at the time of the above refusal, VIVIAN GLASSMAN is known to have visited her approximately five months before.

LEONARD S. BELLER

BELLER was registered as a foreign agent under the Foreign Agents Registration Act while he served as editor for "The Week". This publication was identified as a "British publication which was suppressed by the British Government because its editor was associated with the British Daily Worker".

GLADYS GLASSMAN

She was registered with the AIP in N.Y.C. in 1943. Her sister, VIVIAN, is married to ERNEST J. PATAKI, a close friend of JULIUS and ETHEL ROSENBERG. CIC files show she was a supervisor of an AYD club in Los Angeles, Calif.

ELEANOR GLASSMAN

Sister of the above GLADYS and VIVIAN. She is the subject of an SM-C case, New York origin. One PEREZ ZAGORIN visited ELEANOR's residence in Long Branch, N.J., where he gave instructions to civilian employees of the Signal Corps, who were organizing the UFWA. CIC files indicate that the UFWA was Communist dominated.

Miss W. FORSYTH

The name Miss WINIFRED M. FORSYTH, 620 Plymouth Rd., Clairmont, Calif., appeared on a list of voters in the Socialist Party in Los Angeles in 1941.

III. RESULTS OF INVESTIGATION

During the course of another investigation conducted by the Federal Bureau of Investigation in 1950, SAMUEL LEVINE, Deputy Chief, Systems Section, Evans Signal Laboratory, Fort Monmouth, N.J., was interviewed and stated that he presently resides at 98 Beechwood Ave., West Long Branch, N. J.

He stated he was acquainted with MORTON SOBELL as a fellow student at City College of New York from 1934 to June, 1938. He considered SOBELL one of the most intelligent students who was extremely interested in technical studies and very argumentative to the point where fellow students called him a "screwball", according to LEVINE. The latter said that this was due to some of SOBELL's eccentric behavior, as for example, when SOBELL would disagree with an instructor in school, he would jump up and angrily shout his objections to something said by the instructor instead of putting up a logical argument to refute any statements by the instructor which SOBELL might have considered erroneous.

LEVINE stated that SOBELL could be classified as a liberal or radical and explained that he believed a liberal to be one who would support the New Deal program of the ROOSEVELT administration, and a radical to be one who would sympathize with and support the Communist movement.

LEVINE further advised that he accidentally met SOBELL in June, 1942 when LEVINE and his wife were returning from Washington, D. C. after their honeymoon. SOBELL mentioned at that time that he had previously worked at the Navy Department in Washington, D. C. with some other former CCNY classmates of SOBELL and LEVINE. SOBELL also indicated to LEVINE at that time that he had either just completed or was about to start graduate studies at the University of Michigan.

LEVINE advised he later saw SOBELL at the Evans Signal Laboratory, Fort Monmouth, N. J., when SOBELL was present there with other Reeves Instrument Co. personnel for discussion with Signal Corps engineers regarding contracts between the two.

NK 121-2656

LEVINE stated that he last saw SOBELL during several visits he made to the Reeves Instrument Co. in New York on Signal Corps business but had no contact with him other than casual greetings. LEVINE added that he was never approached by SOBELL or anyone else to furnish unauthorized information of any kind.

LEVINE also advised that he was acquainted with JULIUS ROSENBERG as another member of his CCNY class, but that his acquaintanceship did not extend beyond that. He described ROSENBERG as being openly Communistic and admitting frequently his association with the Communist movement. He said that ROSENBERG was continuously attempting to interest other students in the principles and activities of various Communist movements on the campus, and that he, himself, had been approached by ROSENBERG. He did not recall specifically the nature of the approach but vaguely recalled that it was along the lines of pointing out the benefits of Communism.

LEVINE also advised that ROSENBERG was seen passing out literature and was present at various demonstrations held at City College of New York in those times. LEVINE denied that he had ever participated in any Communist or related activity, or that ROSENBERG had ever succeeded in recruiting him to that cause.

The Communist Party has been designated by the Attorney General of the U. S. pursuant to Executive Order 10450.

Concerning MORTON SOBELL and JULIUS ROSENBERG, the following is noted:

MORTON SOBELL was indicted, tried and convicted for conspiracy to commit espionage on March 29, 1951 and was sentenced by Federal Judge IRVING R. KAUFMAN in Federal District Court, Southern District of New York, to 30 years in prison.

JULIUS ROSENBERG was convicted in Federal District Court, Southern District of New York, on March 29, 1951 on charges of espionage. He was sentenced to death by Federal Judge IRVING R. KAUFMAN on April 5, 1951. This sentence was upheld by U. S. Circuit Court of Appeals on February 5, 1952. After various unsuccessful appeals, JULIUS ROSENBERG was executed on June 19, 1953.

[REDACTED]
[REDACTED] AARON HYMAN COLEMAN, Radio Engineer, Department of the Army, Fort Monmouth, N. J.", SAMUEL LEVINE, Acting Chief, Systems Section, Radar Branch, Evans Signal Laboratory, Belmar, N. J.; whose home address is 98 Beechwood Ave., West Long Branch, N. J.; advised that he attended CCNY and graduated in June, 1938, with a Bachelor of Electrical Engineering degree. He stated that COLEMAN was a fellow Electrical Engineering student in the same class and that he came to know COLEMAN fairly well at college, although they did not associate other than as fellow students.

He stated that MORTON SOBELL and JULIUS ROSENBERG, the convicted espionage agents, were also fellow students of his and COLEMAN, but that to the best of his knowledge, COLEMAN had no other relationship with them other than as fellow students and did not know them outside of school. LEVINE stated that since SOBELL and ROSENBERG were convicted of espionage, he and COLEMAN have discussed them, and in their conversations, COLEMAN has indicated that he remembered them as fellow students at CCNY, but did not have any other relationship with them.

He stated that COLEMAN had also remarked that since college, he had seen SOBELL once or twice on Signal Corps business while SOBELL was working for the General Electric Corp., at Schenectady, N. Y., and the Reeves Instrument Corp., New York City, which both had Signal Corps contracts.

LEVINE stated that from 1946 through 1949, he and COLEMAN attended classes together at night in the Polytechnic Institute, Brooklyn, N. Y., and that they rode back and forth to classes together in the same car.

LEVINE further stated that he has been acquainted with COLEMAN as a fellow employee since March, 1940. LEVINE stated that he first worked with COLEMAN in the same section at Fort Hancock, N. J. on Signal Corps business, then at Camp Evans Signal Laboratory, Belmar, N. J., until 1944, when COLEMAN went into the Marine Corps. He stated that during this period, they did not work directly together, but had frequent contact on technical problems on which they both worked.

He stated that from 1946 to 1950, they were associated at Evans Signal Laboratory in the same manner except that they were much closer due to their outside association at Brooklyn Polytechnic Institute. LEVINE stated that from 1950 to February, 1952, he worked directly under COLEMAN on a day-to-day basis, and served as Deputy Chief of the Systems Section while COLEMAN was the Chief. He stated that from 1948 to February, 1952, they were also in the same car pool.

NK 121-2656

LEVINE stated that since 1949, he and his wife have been associated with COLEMAN and his wife on a social basis, and that they see each other on the average of about once a month. LEVINE stated that before COLEMAN was married, he and COLEMAN sometimes worked at each other's homes at night.

LEVINE stated that he believes he knows COLEMAN very well and that COLEMAN is unquestionably loyal to the U. S. He stated that COLEMAN has expressed his feelings toward the U. S. on many occasions and that COLEMAN has been very security conscious since he was reprimanded several years ago for removing classified documents from the Laboratory. LEVINE stated that he was certain that COLEMAN's only intent at that time was to be able to perform work at night which he could not get done in the daytime.

LEVINE stated that he also considers COLEMAN's wife to be loyal to the U. S.

The records of the Civilian Personnel Branch reflect that on May 5, 1952, LEVINE received a reprimand which amounted to a one day suspension from duty without pay for violation of Army regulation 380-5. The circumstances of this suspension were that on April 22, 1952, at 8:00 p.m., a safe was found open and unattended at Evans Signal Laboratory. LEVINE had been working after hours and had initialed the sheet indicating that he had checked the safe and that it was in a secure condition.

These records also indicate that LEVINE listed [REDACTED] and [REDACTED] as references in 1948. b7c b6
